

TUCKER ARENSBERG'S RESPONSE TO COVID-19

Articles, COVID 19: Answers to Business Challenges, News March 20, 2020

Pennsylvania Governor Tom Wolf ordered all non-life sustaining businesses to close as of March 19, 2020 at 8 pm. An attachment to the order expressly includes legal service among the types of business premises that must close. Our offices are in compliance with that order, and will remain so until the situation changes.

That said, we want to ensure our clients and friends that Tucker Arensberg is operating as usual via our remote network capabilities. Our firm has invested in technologies that allow our client services to occur seamlessly within a virtual environment. As a result, you can remain confident that your legal needs will be serviced on time, and with the continued level of excellence that our clients expect.

Attorneys can still be reached via email, telephone, and voice mail. Video capabilities such as GoToMeeting are also available. If you are unsure of your attorney's email or phone number, he or she can be accessed on the Tucker Arensberg website.
